**THE BURLINGTON TROUBLE.**

**Prosperous compromise—A Settlement of the Strike Problem.**

Chicago, July 18th.—The cross examination of Smith was finished this afternoon and an adjournment taken until tomorrow. A conference was held this afternoon at the office of the Burlington road, at which the road was represented by President Perkins, Vice-President Deasley, General Manager Stone, Wirt Dexter, and J. W. Bly. The other side was represented by Chief Arthur of the Locomotive Engineers, Chief Sargent of the Locomotive Firemen, and Alex. Sullivan, their counsel. The arrival of Arthur and Sargent in Chicago had been kept a secret until the conference was over. Chairman Hoge and Murphy were also present.

The officials of the Burlington assured the railroad men that they had in sympathy with the dynamite. At the conference the strike and the situation as it affected the public and parties to this struggle were discussed. All agreed that it would be well if the strike was ended. President Perkins was seen after the conference and said that nothing was definitely settled. Neither Mr. Arthur nor Mr. Sargent could be found after the conference.

Touching the meeting, Hoge said to an Associated Press representative that propositions were submitted by both sides to the conference looking toward a settlement of the strike. What the propositions were he is not at liberty to state. They have not taken a tangible form and will not until another conference is held, which will be in a few days. Mr. Hoge then showed the reporter a telegram which was sent from Denver to W. F. Gandy, and which read as follows: "Owing to certain events, the men at this point have decided that we had better adopt extreme measures."

This is only one out of many telegrams of a similar nature, said Hoge, which have been sent here today. This one is addressed to Chairman Gray, of the Rock Island and Great Western Committee and shows which the wind is blowing.

Chicago, July 17th.—Chief Arthur left tonight for Cleveland. In conversation with a reporter touching the Burlington strike he said: "We wanted certain things of the railroad. They were not given and we had to quit and the Burlington had a right to employ other men. We made a noble fight and have been beaten in it. There is no use in saying anything else. It would be better for the men and the road that the strike be declared off and that the strikers seek work elsewhere or return to the Burlington. The road has won, but at great expense. The B. O. H. has lost none of its members, but has gained some."

The San Francisco Chronicle of Tuesday issued an eight-page supplement devoted entirely to the education and the National Teachers' Convention, giving a list of all the delegates present from all over the United States. It is illustrated with cuts of various exhibits dedicated to learning, and faces of noted educators, and contains a complete history of tuition. It also fully demonstrates that in the San Francisco Chronicle, the Coast has a paper which is always up with the times, ably conducted, and enterprising in its extreme.

At a meeting of the Young Men's Republican Club at Augusta, Maine, Monday night action was taken to give Mr. Blaine a grand reception on his arrival home, between August 6th and 9th. Uniformed clubs from every section of the State will be present and it is to be made a State affair. An address of welcome will be made by prominent citizens, to which Mr. Blaine will respond. The usual fireworks, salutes and procession have been arranged.

It was stated on Wall street Tuesday that all the right and interest in the Edison phonograph had been sold to an English syndicate for \$350,000.

The Senate has passed the bill to place John C. Fremont on the retired list of the army as Major General.

J. Harvey Brigham of Louisiana, United States Consul at Jamaica, died at New Orleans last Saturday.

**ANARCHISM.**

**A Diabolical Plot to Murder Judges Gary and Grinnell and Inspector Bonfield.**

Chicago, July 17.—John Konek, Frank Chapek and Frank Chabowa, all Bohemians, were arrested today, charged with conspiring to take the lives of Judges Gary and Grinnell and Inspector Bonfield by means of dynamite. The first-named is a cabinet-maker, who lives on Farrell street; Chabowa is a tailor and is the informer who told the story of the plot to a Bohemian, who in turn detailed it to Inspector Bonfield about ten days ago.

It seems that since the execution of the Anarchists a movement was started among their followers in Chicago to do business at the old stand. It was concluded that the groups, as reorganized, were to have no more than three members, with each of the three members well acquainted with the others who composed the group. When formed it was thought that "squealing" in the ranks would become a lost art.

The three men arrested today constituted a group, and in the hands of these men was left the pleasant occupation of blowing up residences until the act of last November was considered fully wiped out in blood. The group had no regular meeting place, but occasionally met as friends, and over a glass of beer concocted their bloody schemes.

It was agreed that Grinnell's house should go up first, and Judge Gary's next, and that last Saturday night was the time set for carrying out the plot. Inspector Bonfield was the third man doomed to die, but just how had not been fully decided upon.

Last Thursday Konek examined the premises of Judge Grinnell with a view to the nabbing of its occupants. When he reported to his companions that night the enormity of the offense began to dawn upon Chabowa, who until now had tried to ask a friend for advice who the latter hurried to the Police Department and told his story.

In the houses of the three men many weapons were found and enough dynamite to blow up the largest building in the city. It is stated in this connection that Konek and Chapek were intimate friends of Louis Lugg, the bomb-maker, and both were arrested after the Haymarket riot. Chief Hubbard says there will be more arrests made tonight but refuses to give further information.

Inspector Bonfield tonight told the story of the plot and capture. He said that the fact that a conspiracy existed came to him from a Bohemian on the West side, whose name he declined to give. "We learned," said he, "the whereabouts of the men late last night and procured warrants for the arrest of them. Besides Lieutenant Elliott and four of his men, we had two other officers along who spoke Bohemian."

The first place visited was 2952 Farrell street, where Konek, chief of the two, lived. We arrived there about 4 o'clock this morning, and concluded not to enter but wait for developments. The fellow came out about 7 o'clock, and we arrested him without difficulty, he being taken entirely by surprise. His name is John Konek, and his age about 30 years. We searched his house and found a small portion of dynamite. We also found over two dozen bombs about four inches long of cast-iron. Lieutenant Mahoney was telegraphed to and arrested Frank Chapek at No. 493 Twentieth street. Chapek's house was not searched. Chabowa was then arrested by our party. In his custody was found eight half-pound packages of dynamite labelled Bina No. 2, and some bombs—the same as found on Farrell street. The prisoners will be prosecuted under Section 54, which provides for a fine and from five to twenty-five years for having dynamite in their unlawful possession.

**The Grand Army**

MINNEAPOLIS, July 18.—Commander-in-Chief Rea, of the G. A. R., today issued letter No. 9 calling attention of members to Article XI, chapter 3 of the rules and regulations, providing for the non-partisan character of the order and follows it up with a special caution to veterans to avoid the appearance of partisanship, by refraining from wearing uniforms at political meetings. The order is the result of a good deal of gossip over the formation of an old soldiers' Harriado and Morton club here, and the candidacy of State Commander, James Edge, for the office of Sheriff. The club has nothing to do with the Grand Army of the Republic, however.

The President has nominated Samuel S. Sears, of Elko, to be Agent for the Indians of the Pyramid Agency in Nevada.

## TOWN AND COUNTY.

## BREVITIES

Jeffrey-Lewis next Monday night.  
M. D. Foley has returned to Reno from his eastern visit.

R. H. Lindsay says he is not after any political office at present.

The Southern Pacific is having another batch of collisions.

The temperature in California ranges from 90 to 120 degrees in the shade.

Mark Morris, at one time one of Reno's favorite barbers, is visiting his brother Henry.

The young Democrats of Carson are organizing themselves into a club for the campaign.

If you want to purchase dry goods go to the Opera House Dry Goods Store and save money.

The Opera House Dry Goods Store has one of the best and cheapest stocks of men's and boys' hats in the city.

G. W. Hanna, representing Marder, Luse & Co., type foundry and press manufacturers, was in town last evening.

E. P. Butler, the photographer, returned from a business trip in the eastern part of the State Tuesday evening.

Meals at all hours at the Palace Restaurant and everything the market affords always on hand and cooked to order.

Go to the Opera House Dry Goods Store and purchase some of those beautiful dresses at cut-price their market value.

Another wedding will take place this week. Two of Reno's popular young people will join hands for better or for worse.

Lizzie Lindsay writes the Gazette that she did not confess to the murder of Bob Fisher, but says that he committed suicide.

Under orders from Sup't. Carothers, the August series of mines in White Pine District have been closed down and all hands discharged.

It is hardly necessary to state that the east-bound train was about three hours late yesterday morning. This item will be kept standing hereafter.

John Sonderland intends to enlarge the clothing department of his store, and is putting a sixty-foot addition on to the rear of his building for that purpose.

A freight and a construction train tried to pass on the same track near Cisco Tuesday, causing the passenger train due here Tuesday evening not to arrive until yesterday morning.

The Reno Water Company has put in a new set of filters, and the water furnished the town now is as pure as it is possible to make it. One million gallons are now being consumed daily.

Hon. William Woodburn has made another attempt to fill the vacant cadetship at West Point. This time he has appointed Garrey Logan, of Gold Hill, who must report at the Academy before August 28th.

A camping party, consisting of about fifteen persons, nearly all young people, started out on a pleasure trip yesterday morning. They intend to visit Webber, Independence and Donner lakes and to be gone one week.

The Paris Mine, of Alaska, of which Senator John P. Jones is a principal owner, produces \$75,000 worth of gold bullion every month, and experts say that enough is in sight to furnish this amount for 40 years.

O. I. Chynney, Superintendent and Manager of the Woodland Consolidated Electric Light Gas and Power Co., and wife are in town on a week's visit to S. W. Park, Superintendent and Manager of the Reno Electric Light Co.

Report from Big Meadows are to the effect that the first alfalfa crop of this season, which is now stacked, is fully up to the average. Alfalfa sown on new ground last Spring was a failure, however, in consequence of lack of water.

S. Emerton, of the Nevada Cash Store, Tuesday received news of the death of his mother in the Grand Duchy of Baden last week. The deceased was 59 years of age and had reared a large family of children to mourn her early demise.

The Webster-Brady Co., with the same company of last year, will appear in McKissick's Opera House next Wednesday night in W. A. Brady's own dramatization of "She," which has been produced all over the country to a big business.

A jury was sequestered in Miles Finlen's case Tuesday at noon, and the trial is now in progress. The testimony so far is of a very damaging nature to the defendant. The testimony being all in it was thought the case would go to the jury before morning. J. A. Stephens closed the argument for the prosecution.

## MAIL FACILITIES.

The New Route from Winnemucca to Wild Horse, Oregon.

Senator Stewart writes to the editor of the Silver State, under date of July 10th, that he has been urging upon the Postmaster-General the necessity of having a thorough examination made of Nevada by special agents, for the purpose of Nevada by special agents, for the purpose of learning our exact condition in regard to our mail service, so that the Department can act intelligently on all requests for mail facilities, and incloses the following letter from Mr. Dickinson on the subject:

POSTOFFICE DEPARTMENT,  
OFFICE OF POSTMASTER-GENERAL,  
WASHINGTON, June 14, 1899.

SENATOR: I have the honor to acknowledge receipt of your communication of the 13th inst., and will give the matter of mail facilities in Nevada increased attention. The subject has already received and is receiving my personal consideration. I am about to establish a new division of the railway mail service, and shall locate the headquarters where this whole matter can come under the supervision of a first-class superintendent. In addition, the subject of additional star routes shall be investigated. Very respectfully,  
DON M. DICKINSON,  
Postmaster-General.

Senator Stewart.

Regarding his efforts to secure the establishment of a mail route north from Winnemucca to Oregon, he incloses the subjoined letter from the Second Assistant Postmaster-General, which, although not exactly what was desired, is a step in the right direction:

POSTOFFICE DEPARTMENT,  
OFFICE OF ASST. POSTMASTER-GENERAL,  
WASHINGTON, July 7, 1899.

SENATOR: Referring to your endorsement of the proposition for a mail route from Winnemucca, Nevada, to Drewsey, Oregon, and the subsequent investigation by a Postoffice Inspector, I have the honor to inform you that a route from Winnemucca, Nevada, to Drewsey, Oregon, via the Carson River, Quinn River, and the Carson River, is being considered. The route is 121 miles long, and once a week has been advertised to begin August 1st, 1899. The Inspector found that there was no need for service from Wild Horse to Drewsey, in Oregon, as there were no post-offices established, and none to be established. Very respectfully,  
A. LEO KNOX,  
Second Asst. Postmaster-General.

Hon. Wm. M. Stewart, U. S. Senator.

THE WOOD DRIVE.—After all, says the Enterprise, Longbaugh will probably get his wood drive through to Empire. The ranchman above on the Carson river have agreed to turn the water of all their irrigating ditches into the channel of the stream for two or three days, or long enough to send the wood down as far as Empire. Two or three years ago when a big wood drive was caught out and stranded, it was got through in the same way. If the wood can be brought to Empire, it will be a great help to the mill men, as well as a good thing for Mr. Longbaugh.

DEATH ON THE RAIL.—Train No. 60 of the Southern Pacific overland freight, eastward-bound, due here at 11 o'clock Tuesday morning, collided at Pioche, Cal., at 5:05 A. M. Monday morning with a construction train, one car of which was a pile-driver. The engines met and a serious wreck occurred. Joe Edwards, engineer of the freight train was uninjured, but Fish, the fireman, was caught in the wreck and killed. Perin, engineer of the construction train, was injured. A surgeon was sent from Oakland, but Fish died before he arrived.

BIG MINES IN INYO.—In the Illinois mine, at Lodi, Inyo county, an immense body of carbonate ore has been developed. It is astonishingly rich and will work over \$400 a ton. It is the biggest strike made in Nevada in a long time. The formation is granite and slaty brimstone. The Silver King, an extension of the Illinois, says the Enterprise, shows a big body of ore that pays \$128 in silver and \$19 in gold.

TEMPORARY MAIL SERVICE.—Sealed proposals for carrying the U. S. Mail from Pioche to Taylor, via Royal City, Bristol and Patterson, 110 miles, twice a week each way, on a schedule time of 55 hours from August 10, 1899, to June 30, 1899, will be received by the Postmaster at Taylor until July 23, 1899. In all cases the rate per annum to be stated in proposal.

VIRGINIA TEACHERS.—The School Trustees of Virginia City on Monday re-elected the entire corps of teachers of the last term, with two exceptions. The unanimous re-election of Professor John G. Bray—for the third consecutive term—to the Principship of the public schools of that district, is a highly flattering compliment to his ability as an instructor.

RIZARD & FAY have opened the Pioneer blacksmith shop, under Kimball's Hall, and are prepared to make all kinds of wagons and buggies and all machinery on short notice. They will be prepared to repair bicycles, etc. Give them a call.

Bringing Goodness  
To millions, pleasing their palates and cleansing their systems, arousing their Livers, Kidneys, Stomachs, and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Sold by Wm. Bininger, Reno.

## A TIPPECANOE CLUB.

Preparing to Organize One in Reno.

EDITOR JOURNAL: The undersigned, feeling the necessity to our country, State and nation, of the success of the Republican ticket, respectfully suggest that those of a similar opinion, meet at the Court House on Friday evening at 8 o'clock for the purpose of forming a Harrison and Morton campaign club:

G. H. Thoma, R. R. Bigelow,  
E. L. Fish, T. V. Julien,  
N. W. Roff, H. J. Thyes,  
H. H. Beck, Sol. Levy,  
W. M. Boardman, A. H. Manning,  
R. M. Harevor, A. G. Fletcher,  
R. H. Lindsay, O. A. Thurston,  
R. L. Fulton, M. Nathan,  
Wm. Thompson, H. E. Kraus,  
E. C. Leadbetter, G. H. Fogg,  
L. D. Folsom, T. K. Hymers,  
J. P. Emmitt, E. B. Coffin,  
W. O. H. Martin, A. H. Barcus,  
E. Barber, O. W. Booton.

"AN INFAMOUS LIE."—Mr. W. A. Thompson, Manager of the Webster-Brady Company, arrived in Reno Tuesday evening and at once set about to find out the cause of the accusations made against Mr. W. A. Brady, of the Webster-Brady Co., by persons at present unknown. Mr. Thompson, in speaking of the matter, states that the first intimation Mr. Brady received on the subject was in Denver, on Monday, July 9th, when he immediately telegraphed a complete contradiction of the same. Mr. Thompson further brands the accusation as an infamous lie. He says Mr. Brady has gained the position he now holds on the stage by dint of hard work and honesty, and he is now getting a good age, and surely it is not enough that at each day one was older, he gains more sense. In speaking of Brady Mr. Thompson says no wonder work nor more honest man walks in the theatrical profession. Mr. Thompson is only waiting for the villain to make his appearance, and in the meantime sincerely hopes that Mr. Brady will continue to hold the many friends he made during his last visit to Reno, as the accusation is false and will be no proven beyond a doubt.

DESERT GRAVEL BEDS.—The Virginia Chronicle says the project of sinking a shaft to bed-rock on the gravel deposit on the flat east of the mouth of Six Mile Canyon, is again being discussed. In 1878 a shaft was sunk at the mouth of Six Mile Canyon to a depth of 113 feet when water was struck and the project of sinking to bed-rock abandoned as the funds of the proprietors were exhausted, and no greater depth could be obtained without pumping machinery. The material from the surface down to the water level was washed gravel boulders, none of them weighing over 200 pounds, and the most of them of the half the size of a brick. Good prospects in gold were found all the way down, in sinking the gold-growing conifer as depth is attained. The largest piece taken out weighed the sixth of an ounce. The gold was worth about \$13 per ounce. The proprietors that sunk the shaft abandoned the project reluctantly, confident that they would have found a rich deposit of gold if they could have sunk to the bed-rock. The shaft referred to has since been filled up by the wash of debris from the bed of Six Mile Canyon creek.

DEATH IN A SHAFT.—At Grass Valley, July 15, J. G. Hartwell, of Nevada City, a civil engineer, fell down the shaft at the New Eureka mine and was killed. He fell 230 feet. He was coming up the shaft and measuring distances as he was hoisted up, and the tape line tangled around his body when near the surface and pulled him out of the tub. He was a highly esteemed citizen, and leaves a wife and two children. Pat Brock was on the tub and was thrown out, but caught on a round of the ladder and was not hurt. Hartwell was formerly train dispatcher on the Central Pacific railroad at Sacramento. His father was Assistant Superintendent of that road when the line was completed to Chico.

TOWN ORDINANCES.—Under the direction of the Commissioners, County Clerk Julien has prepared two much needed town ordinances, one to compel property owners to connect their waste and soil pipes with the sewer system, and another providing the manner of setting along street grades. Next in order the Board should pass an ordinance requiring all property owners on the principal business streets to erect and maintain decent, respectable, safe and convenient sidewalks in front of their respective premises. There are a number of places on Virginia street and Commercial Row where the sidewalks are simply abominable, and a disgrace to the town.

JEFFREYS-LEWIS.—The Winnemucca Silver State says: "Miss Jeffreys-Lewis appeared in Continental Theater last evening in 'Forget-Me-Not' to a good audience. Though many do not like the play, the opinion is unanimous that Jeffreys-Lewis is the best actress that ever graced the stage in Winnemucca, and she is supported by a first-class company." She will appear in Reno next Monday evening, and already a large number of reserved seats have been taken. Go and see Nabby about them.

AT HOME.—Lieutenant Geo. Stockle writes the White Pine News from Cherry Creek, that he graduated with all the honors at West Point and has a full-length until the middle of September. He has not yet been notified to what department he will be assigned, but saw in the Army Journal that it will be the Twenty-fifth Infantry, now stationed in Montana.

Syrup of Figs  
Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the System when Bilious or Costive; to dislodge Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Flies, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Bininger, Reno.

An Explanation.  
What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.  
Are you disturbed at night and broken of your rest by a sick child suffering with teething, with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Sore Throat Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, there is no mistake about it. It cures dysentery and diarrhea, reduces the stomach and bowels, cures colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Sore Throat Syrup for Children Teething is pleasant to the taste, and is the recommendation of one of the oldest and most famous families and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw 1-1v

When Baby was sick,  
We gave her Castoria.  
When she was a Child,  
She cried for Castoria.  
When she became Miss,  
She clung to Castoria.  
When she had Children,  
She gave them Castoria.

**ROYAL**  
BAKING POWDER  
Absolutely Pure.

This powder never varies. A marvel for its strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, cheap or phosphate powders. SOLD ONLY IN CANS.  
ROYAL BAKING POWDER CO.,

## Osburn & Shoemaker's.

SENT BY MAIL ON RECEIPT OF PRICE.

NEW ORLEANS, La.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

EUGENE ROBINSON,

Proprietor Robinson's Circus and Memphis and New Orleans Museums and Theatres.
